

As part of our school accountability system, New Home ISD is gathering community input for the evaluation of our programs. The primary method for providing feedback is through a survey that is provided each year to our families. You will see a copy of the survey located below.

Your input, along with district data, will be used to formulate our ratings. We appreciate you taking the time to provide valuable feedback to our school and to let us know how we can better serve our children and community.

**Dear Parents and Family Members,**  
**We need your help. Please fill out this survey and return it to the principal. We will use your input to improve our family & community program. Thank You!**

	Rating				
	Exemplary	Recognized	Acceptable	Unacceptable	Not Applicable
<b>Communications with Family and Community</b>					
1. The school provides information and suggestions for parents to help their child at home in academic subjects.					
2. The school includes family & parents in decision-making to be a partner in the education of their child including how to monitor their child and how to work with educators.					
3. Parents are involved in developing the School-Parent Compact that shows how responsibility is shared by parents, teachers and students for student academic success.					
4. Parents are included in developing and evaluating the Family & Community Engagement Program (Parent Involvement Program) each year.					
5. The school provides information to parents and community through all the following ways: school website, letters, parent conferences and meetings.					
6. The school provides information to parents and the community on student academic progress and achievement in regard to state standards and requirements.					
7. The school provides information in a way parents and community can easily understand important information.					
8. The school holds an annual meeting to inform parents of the school's					

Federal Title I, Part A program, and to explain the Title I, Part A requirements and information on Parents' Rights.					
9. The school informs parents they have the right to request the professional qualifications of their child's teacher and any paraprofessionals who help their child.
